

Donation Request Form

Thank you for considering Diane's Natural Market to support your event and/or organization. At Diane's, we believe it is our responsibility to help cultivate and support our local community. The majority of our donations are done in the form of gift cards or gift baskets and in-kind food donations. We fill as many donations as possible each year. We do not necessarily donate to the same organizations each year so that we can spread the generosity across St. Johns County as much as possible. We will review each request and we will notify the contact for the donations that we are able to grant. Please make your request at least one month in advance. Thank you.
